

Sensotek Ltd

Unit 23 Ormeau Business Park
Belfast, Co. Antrim
BT7 2JA, United Kingdom

Declaration of REACH Compliance Statement

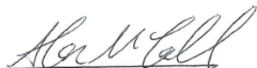

The REACH regulation provides that Substances of Very High Concern (SVHC) are subject to a specific authorization. The Article 33 of REACH requires manufacturers and importers to notify European users about the presence of substances of concern when their concentration is or exceeds 0.1% (w/w).

Sensotek Ltd do this by:

- Requesting that all our suppliers provide a declaration for compliance to REACH and assurance of pre-registered all affected substances.
- Only using materials where no substances of very high concern (SVHC) are present. Our suppliers have confirmed that the necessary raw materials will be available under REACH.

Sensotek Ltd declare, to the best of our knowledge and information available, that our products do not contain SVHC substances of the "Candidate List" in force in Europe, since its last update published by ECHA, at a content greater or equal to 0.1% (w/w).
